PRIYANSHU SOLANKI

Indore | priyanshusolanki874@gmail.com | +91 78690 98789 | linkedin.com/in/priyanshu-solanki-a55a632a4

Professional Summary

Aspiring Software Engineer with hands-on experience in Python, Django, SQL, REST APIs, and AI-powered web applications. Skilled in building secure full-stack applications with authentication, CRUD operations, and API integration. Passionate about developing scalable backend solutions and solving real-world problems.

Education

Medi-Caps University, Indore — Aug 2022 – June 2026
Bachelor of Technology in Computer Science
CGPA: 7.94

Shree Vaishnav Academy, Indore — July 2021 – May 2022
Class XII (CBSE)
Percentage: 81.8%

Skills

Programming Languages & Core Concepts: Python, C++, SQL, Data Structures & Algorithms, OOPs, DBMS

Libraries & Frameworks: Django, Flask, NumPy, Pandas, Matplotlib

Web Technologies & Tools: HTML, CSS, Jupyter Notebook, Git, GitHub, VS Code, MySQL, SQLite

Projects

ArtSense AI: AI-Powered Art Analysis *Python, Django, SQLite, HTML, CSS, OpenRouter API*

- Developed an AI-powered artwork analysis platform using Django and OpenRouter API that evaluates uploaded artworks, generates AI scores, and provides personalized strengths, weaknesses, and improvement suggestions. Designed a secure full-stack Django application featuring authentication, artwork gallery, image management, and seamless CRUD operations with an intuitive user interface.

Art Store Management System *Python, MySQL, REST APIs, HTML, CSS*

- Developed a web-based application to manage art inventory, customer orders, and product details through a centralized platform. Implemented secure CRUD operations using Flask and optimized MySQL queries for efficient inventory management and order processing. Designed responsive user interfaces using HTML, CSS, and Bootstrap.

Internship

Python AI Intern — June 2025 – July 2025
Medi-Caps University

- Gained basic exposure to Python and Machine Learning through beginner-level assignments, with an introduction to data preprocessing, model training, and evaluation.

Certifications & Achievements

- **AI LLM Developer (AI & Data)** – HCLTech (240 Hours, Jan 2026 – May 2026)
- Certification in Core Python Programming – Cisco Networking Academy.
- Earned the **100 Days of Coding** badge on LeetCode.
- Maintained an **80+ day** continuous problem-solving streak on LeetCode.
